

## Internet Crimes Against Children Task Force Program Performance Measures Definitions and Questions

DEFINITION
<p>Technology-facilitated crime against a child: A technology-facilitated crime against a child includes online enticement of a child, child exploitation, child obscenity, child pornography offenses, sexting, sextortion, and other related offenses.</p> <p><b>(Program Specific)</b></p>

TASK FORCE OUTPUTS	DEFINITIONS	QUESTIONS
<b>Service Delivery</b>		
<p>1. Number of prevention activities conducted <b>(Program Specific)</b></p>	<p>Prevention Activities either educate the community or remedy the self-production behaviors of children through pre-charging diversion/intervention. Prevention Activities can be presentations to civilian groups or audiences, public events, or other outreach (e.g., radio or TV interviews, repetitive public service announcements, social media campaigns, billboards, placards, and print media).</p>	<p>A. Number of prevention activities conducted</p>
<p>2. Number of individuals attending a presentation or activity <b>(Program Specific)</b></p>	<p>A presentation is a speaking engagement that may or may not involve a booth.</p>	<p>A. Estimated number of individuals attending a presentation activity</p>
<b>Program Outputs</b>		
<p>3. Number of technology-facilitated citizen complaints involving children received <b>(Program Specific)</b></p>	<p>Total number of citizen complaints received (excluding CyberTips). CyberTips will be obtained from National Center for Missing and Exploited Children (NCMEC).</p>	<p>A. Number of technology-facilitated citizen complaints involving children received.</p>

TASK FORCE OUTPUTS	DEFINITIONS	QUESTIONS
4. Number of investigations of technology-facilitated crimes against children initiated  <b>(Program Specific)</b>	An investigation is an inquiry and examination of the facts of a criminal complaint or tip received. Investigations may result from complaints received, referrals, CyberTips or self-initiated activity. A new investigation is one opened during the reporting period (usually the last six months).	A. Number of investigations of technology-facilitated crimes against children initiated (new)
5. Number of arrests  <b>(Program Specific)</b>	An arrest is a formal custodial detention of a suspect on criminal charges resulting from an investigation. An arrest can stem from, e.g., probable cause, an arrest warrant, or court proceedings.	A. Number of arrests
<b>Training and Technical Assistance</b>		
6. Number of training events  <b>(OJJDP Overall)</b>	Training <u>conducted by Task Forces</u> refers to in-person or virtual teaching and learning activities, including planning, curriculum development, and delivery, aimed to help individuals apply the knowledge, skills, and attitudes needed by a task, job, or organization.  Training event(s) are planned activities that are delivered to help individuals apply knowledge, skills, and attitudes needed by a task, job, or organization. Training events include both train-the-trainer and training of individuals.	A. Number of training events held
7. Number of individuals trained (population trained)  <b>(OJJDP Overall)</b>	Number of individuals who attended a training event.  Personnel trained by population/discipline: Law Enforcement Personnel Trained Prosecutorial Agency Personnel Trained Other Personnel Trained	A. Number of individuals trained  B. Population/discipline trained

TASK FORCE OUTPUTS	DEFINITIONS	QUESTIONS
<p>8. Amount of investigative technical assistance provided to law enforcement agencies</p> <p><b>(Program Specific)</b></p>	<p>Technical assistance refers to development, dissemination, and delivery of specialized knowledge or expertise to an organization or group not currently part of the taskforce or individuals to address a problem, for the purpose of informing policy, procedure, or practice.</p>	<p>A. Number of technical assistance requests delivered to law enforcement agencies</p>

TASK FORCE OUTCOMES	DEFINITIONS	QUESTIONS
<b>Program Outcomes</b>		
<p>9. Number of newly identified child victims of a technology-facilitated crime</p> <p><b>(Program Specific)</b></p>	<p>A technology-facilitated crime against a child is defined as online enticement of children by sexual predators, child exploitation, child obscenity, and child pornography cases, and sexting and/or sextortion.</p> <p>Newly identified child victim is one found as part of a forensic exam in the last six months.</p>	<p>A. Number of newly identified child victims of a technology-facilitated crime</p>
<p>10. Number of cases of technology-facilitated crimes against children referred to a prosecutor for charging</p> <p><b>(Program Specific)</b></p>	<p>A prosecutor is a trial lawyer representing the government and the interests of the state, who is responsible for deciding who and when to prosecute a case. Charging is when a prosecutor formally accuses an individual of breaking a law.</p>	<p>A. Number of cases of technology-facilitated crimes against children referred to a State/local prosecutor for charging</p> <p>B. Number of cases of technology-facilitated crimes against children referred to a federal prosecutor for charging</p>

TASK FORCE OUTCOMES	DEFINITIONS	QUESTIONS
11. Number of cases accepted for prosecution <b>(Program Specific)</b>	Prosecution is when a trial lawyer representing the government and the interests of the state decides to prosecute a case (i.e., formally accuse an individual of breaking a law). Local prosecutors represent municipalities or counties.	A. Number of referred cases of technology-facilitated crimes against children accepted by state/local prosecutors B. Number of referred cases of technology-facilitated crimes against children accepted by federal prosecutors
12. Number of digital forensic examination conducted <b>(Program Specific)</b>	A Digital Forensic Examination is any examination of a digital storage device (regardless of duration, the number of tools used, or the location(s) where the examination occurred) that is aided by use of a tool (e.g., Cellebrite, GrayKey, Griffeye, etc.).	A. Number of forensic examinations conducted during the reporting period

TRAINING AND TECHNICAL ASSISTANCE PROVIDER OUTPUTS	DEFINITIONS	QUESTIONS
<b>Training and Technical Assistance</b>		
13. Number of training events held <b>(OJJDP Overall)</b>	<p>Training refers to in-person or virtual teaching and learning activities, including planning, curriculum development, and delivery, aimed to help individuals apply the knowledge, skills, and attitudes needed by a task, job, or organization.</p> <p>Training event(s) are planned activities that are delivered to help individuals apply knowledge, skills, and attitudes needed by a task, job, or organization. Training events include both train-the-trainer and training of individuals.</p> <p>Training request (s) are any formal or informal inquiries for learning activities, curriculum development, and delivery, for a group of individuals or organizations.</p>	A. Number of training requests received B. Number of training events held

TRAINING AND TECHNICAL ASSISTANCE PROVIDER OUTPUTS	DEFINITIONS	QUESTIONS
<b>Training and Technical Assistance</b>		
<p>14. Number of individuals trained (Population trained) <b>(OJJDP Overall)</b></p>	<p>Number of individuals/discipline who attended a training event. Personnel trained by discipline: Law Enforcement Personnel Trained Prosecutorial Agency Personnel Trained Other Personnel Trained</p>	<p>A. Number of individuals trained B. Population/discipline trained</p>
<p>15. Percentage of technical assistance requests delivered <b>(OJJDP Overall)</b></p>	<p>Technical assistance refers to development, dissemination, and delivery of specialized knowledge or expertise to an organization or group of individuals to address a problem, for the purpose of informing policy, procedure, or practice. The National Technical Assistance Center defines technical assistance as Universal, Targeted, or Tailored: Universal TA involves support and information that can be accessed independently with minimal assistance from project staff. The purpose is to provide useful information to raise awareness and increase knowledge Targeted TA is designed to address needs common to multiple recipients rather than be highly individualized Tailored TA is often provided on-site and requires a stable, ongoing relationship with the TA recipient. TA services are a negotiated series of activities designed to reach a valued outcome. Tailored TA involves multiple interactions with a predetermined series of activities.</p>	<p>A. Number of technical assistance requests delivered B. Number of technical assistance requests delivered by type</p>

TOOLS AND TECHNOLOGY OUTPUTS	DEFINITIONS	QUESTIONS
<b>Training and Technical Assistance</b>		
<p>16. Percentage of technical assistance requests delivered <b>(OJJDP Overall)</b></p>	<p>Technical assistance refers to development, dissemination, and delivery of specialized knowledge or expertise to an organization or group of individuals to address a problem, for the purpose of informing policy, procedure, or practice.</p> <p>The National Technical Assistance Center defines technical assistance as Universal, Targeted, or Tailored.</p> <p>Universal TA involves support and information that can be accessed independently with minimal assistance from project staff.
